LIBRARIAN'S REPORT.

1921-1922.

The Librarian presents the following statistics for the year ending January 31, 1922:

Total number of books accessioned during the year is 326, of which 118 were obtained by purchase, 49 by deposit, 77 by gift, 70 by the J. R. Cressey Fund of the Gorham Library Association, and 12 by bindery.

The circulation of books for the past year was as follows:

Philosophy,	45
Religion,	114
Sociology,	220
Language,	16
Natural Science,	115
Useful Arts,	106
Fine Arts,	102
Literature,	364
History,	285
Travel,	266
Biography,	277
Bound Magazines,	187

Current Magazines,	1,014
Fiction,	11,832
Total,	14,943

We are glad to state that this is a gain of 2,534 from last year's circulation.

Total number of new registration cards signed during the year was 215, of which 118 were Normal students. Total number of registrations to date, 3,110.

From February 1, 1921, to January 31, 1922, the library has been open 285 days. The library was closed May 10, 1921, out of respect to the memory of the late Hon. James Phinney Baxter, the generous donor of our library building.

On Wednesday afternoon, July 20, 1921, a lawn party was held for the benefit of the library. It was very successful, the proceeds of the entertainment were used for the needs of the library.

Miss Mary Selden McCobb, of Portland, gave one of her readings during the month of October to a very appreciative audience in Library Hall.

We wish to thank all those who have generously donated books and pamphlets. Special mention should be made, however, of a beautiful Japanese vase presented by Mr. Embert L. Jones, in memory of his wife, the late Mrs. Alice Richards Jones; also an oil painting (the fine work of the donor) entitled, "Where the River Shannon Flows" which adds greatly to the attractiveness of our reading room. Mr. Jones also generously donated 15 volumes of the "New Americanized Encyclopaedia"; 12 volumes "Library of Home Economics", which are a very valuable addition to our library.

14 volumes of Roosevelt's works were donated by Philip E. Shirley. "Vital Records of Belfast, Me."; Moody's "History of the Town of York" were presented by the Maine State Library.

REPORT OF BRANCH LIBRARIES.

We have sent to South Gorham, 20 volumes during the year; North Gorham Library, 37 volumes and a State Traveling Library of 50 books; Frederick Robie School, 26 books; North Street, (Rev. W. H. Baker in charge) 33 books. We have also sent a set of 25 books to the Gorham Normal School in charge of Miss Ida Puffer.

The Librarians are very glad to state a great improvement in regard to the conduct of our young people. It is indeed very gratifying to know that they really appreciate the opportunities and privileges which our town offers them in the use of the Public Library.

The Librarian's cash account is as follows:

Amount on hand, February 1, 1921,	\$23.02	
Received from fines,	75.89	
	<hr/>	\$98.91
Paid to Treasurer of Gorham,		44.72
		<hr/>
Balance unexpended,		\$53.99
Respectfully submitted,		

VICTORIA A. MAGNUSSON,

February 7, 1922.

The year commenced with Mr. and Mrs. John E. Johnson as Superintendent and Matron, who continued until the middle of April, when they resigned, and Mr. and Mrs. A. L. York were engaged for the positions. At the commencement of the year one of the inmates, Mrs. Wallace, was confined to the bed in consequence of a dislocated hip. The best of care was given Mrs. Wallace by Mrs. Johnson and continued by Mrs. York until she seems completely recovered.

At the last annual meeting the Selectmen were directed to make those current repairs that were most needed in connection with the town farm and buildings and to make recommendations as to further improvements. In accordance with that vote, as the farm was without a team to do the needed work, a team of horses, costing \$400.00, was purchased.

Shingling to the extent of some \$125 was done on the building, and considerable inside repairs, such as painting and papering, was done. As no appropriation was made for these expenses we had to charge them to the farm account, which makes the debit side much larger than it otherwise would be.

Mr. York has done outside work to the extent of some \$150 as well as much improved the herd of cows.

The town farm is now running six wood and coal fires, as each inmate has to have a separate fire, as well as those in the Superintendent's part. This makes a great expense and we consider it very unsafe for these old people to have fires and lights to handle. Consequently, both from a humanitarian as well as economical point of view, we would recommend that a steam heating plant be installed as well as electric lights and a sanitation arrangement that will make the place a credit to the town.

REPORT OF SUPERINTENDING SCHOOL COMMITTEE.

To the Selectmen, Assessors and Overseers of Gorham, Me.:

We hereby submit our report on the schools of the town for the past year.

At the last town meeting the school committee asked the town to appropriate \$9,000.00 for common schools. This amount had been very carefully estimated, and the committee finds it necessary to report that the \$8,000.00 that was appropriated did not prove sufficient to meet the needs, and the account is overdrawn. This overdraft is largely accounted for in the hiring of an extra teacher required to handle an unusual number of pupils at White Rock.

For the last few years it has been increasingly difficult to find a teacher for the Blake school. This has been due largely to the fact that the schoolhouse is inadequate in every way, and to the additional fact that teachers are not able to find a boarding-place conveniently near the schoolhouse. For these reasons it seemed necessary to make some other arrangement for the children of this district, so the Blake school has been closed and the children are being transported to the West Gorham and Wescott schools.

Two years ago the town appropriated \$1,000.00 for remodelling the Longfellow school. Your committee found the building and the local conditions so much worse than they anticipated that work was not begun. Last year an article for the warrant was prepared asking for an additional thousand, but through some mistake the article was omitted. This year the committee recommends the appropriation of the extra thousand.

According to a recent State law it is necessary for towns to provide standard sanitary outhouses for all rural schools not later than 1924, and in order to equalize the expense for

the next two years, your committee recommends that the necessary changes be made in the Elmwood school this year.

There has been some sentiment in favor of consolidating the Fort Hill, Wescott and Blake schools in a building to be erected near the North Street church. This plan would do away with remodelling the present buildings, would give the children the advantages of modern equipment, and would undoubtedly help in the teacher situation. Your committee recommends such a consolidation.

If the present arrangement is to continue, the committee recommends the purchase of a lot of land adjacent to the Fort Hill school as a playground.

The high school situation needs no comments. It speaks for itself.

The committee recommends the following appropriations:

Common schools,	\$10,000 00
High school,	6,700 00
Conveyance common schools,	2,000 00
Conveyance high school,	750 00
High school tuition,	800 00
Supplies and repairs,	1,200 00
Flags and poles,	200 00
Textbooks,	1,000 00
Commercial Dep't equipment,	800 00
Manual Training,	50 00
Longfellow schools, additional,	1,000 00
Superintendent's salary,	900 00
Elmwood outhouses,	700 00
Fort Hill yard,	100 00

REPORT OF SUPERINTENDENT OF SCHOOLS.

To the Superintending School Committee and Citizens of Gorham:

Permit me to submit my fourth annual report on the physical and educational condition of the schools for the past year.

Conditions in the elementary schools have been unusually favorable, in that weather and health conditions have combined to make an excellent attendance possible. On the other hand, the lure of more desirable positions elsewhere caused nine of our fourteen teachers to resign at the end of the school year; and although we have been very fortunate in filling these positions, it is none the less true that the best results cannot be obtained in schools where frequent changes in the teaching staff is the rule.

For financial reasons as well as because the committee felt that the children would receive better educational advantages at the West Gorham and Wescott schools, the Blake school was closed at the opening of the fall term. Whether this arrangement is to be continued or not remains to be decided.

CONVEYANCE.

As always, this phase of school administration has been productive of controversy. With a decreased appropriation for the purpose, and one or two added families who seemed in fairness at least as much entitled to conveyance as those who have been conveyed in the past, the committee faced a problem at the beginning of the year. After considerable discussion it was voted to furnish no conveyance from May 1st to November 1st. During the summer the committee put considerable time and thought into the matter with this result—the conveyance teams were divided into three classes according to distance covered, and number of children con-

veyed. In group one there are but two; one of them conveying nine children and traveling about twelve miles daily, the other thirteen children about eight miles. These people receive three dollars per day. The next class convey from three to six pupils, travel from seven to ten miles daily and receive one dollar and a half per day. In the third class there are four isolated families having one or more children, so situated that no established team can serve them or any team serve two of them. These people get their own children to school and receive three dollars per week. Your committee have done their best to serve the interests of the children and at the same time to keep within the appropriation made for the purpose.

SCHOOL BUILDINGS.

The appropriation for the standardization of the Longfellow school, made in 1920, has not been expended as was explained in our report of last year. We believe that the time has come when it is practicable to undertake building and repair work once more, and the proper article for raising the necessary funds has been included in the warrant for your consideration.

As you will recall, the legislature of 1921 passed a law that all towns must, not later than September 1, 1924, equip their school buildings with toilets of one of the following types:—

“(a) Flush water closets connected with sewer or cess-pool with separate compartments for the sexes.

(b) Chemical closets of approved types.

(c) Privies located in attached buildings, with separate compartments for the sexes, accessible only by separate ventilated passageways from schoolrooms or corridors and constructed in such manner that the vault of said privy shall be at least ten feet from the nearest schoolroom wall, and

adjacent to the outside wall of the building in which said privy is located."

We have five schools to be equipped, viz.: Longfellow, Elmwood, Blake, Wescott, and Fort Hill. The other three comply with the requirement. Toilets are included in the plans for standardizing the Longfellow school, and an article in the warrant makes it possible to provide for the Elmwood also.

FORT HILL SCHOOL-LOT.

The lot at the Fort Hill school as you all know is very small, and the automobile has made it at least undesirable to supplement inadequate school yards by the use of the adjacent highway. It is possible to secure sufficient land adjoining the present lot to give the children a reasonably good sized yard at a cost of one hundred dollars. The matter merits your consideration.

HIGH SCHOOL.

The enrollment of the school is probably the largest in its history, certainly the largest in recent years. The present building is no longer adequate for the needs of the town, and it is to be hoped that steps may be taken to provide more satisfactory quarters.

The commercial course seems to be very popular like most new courses and will, also, like other new courses, have a period of reaction when the pupils find that satisfactory work in that course cannot be done without real effort on their part. We believe, however, that there is a real need for such training, and that the right pupils will elect the course. If the course is continued the coming year, there will be two classes each in bookkeeping, typewriting, and shorthand, where there have been but one this year, and this will make the addition of another room for the typewriting necessary. There is such a room available and the two rooms heated and lighted

can be hired for three hundred dollars per year. Additional equipment will also be needed.

The work of the school has been somewhat broken up by changes in teachers, two of the four who were with us last year resigning at the end of the year in June, and both the English and French and History teachers resigning during the present school year. Competent teachers are now in charge of both these subjects and we sincerely hope there will be no further interruptions.

HIGH SCHOOL CONVEYANCE.

The increased number of pupils from South Windham and the other outlying districts will make it necessary to increase the appropriation for this purpose, if the town sees fit to continue to pay transportation. At least seven hundred fifty dollars will be needed.

TEXT BOOKS.

The expenditures for text books have been about the same as in previous years and will not vary greatly from that amount for the coming year.

SUPPLIES, REPAIRS AND CONTINGENCIES.

As the number of pupils enrolled in the schools increase, the expense for supplies must also increase. A certain amount of paper, chalk, pencils, pens and pen holders, ink, maps, etc., must be furnished each year. We recommend that an appropriation of at least twelve hundred dollars be made for this purpose.

GENERAL FINANCE.

As you all know, the schools are financed by the State and by local taxation. This year we have received from the State \$6,189.80. The coming year the distribution will be made

under the new law for the first time, and we are somewhat uncertain what our allotment will be. We are reasonably sure, however, that it will be considerably less than in previous years. It is not possible at this time to state definitely what our apportionment will be.

Respectfully submitted,

RICHARD J. LIBBY,

Superintendent of Schools.

REPORT OF THE BAXTER HOUSE COMMITTEE.

The Baxter House was opened to the public, for its 12th season, on July 2nd and on Wednesday and Saturday afternoons thereafter, throughout the summer.

A feature of special interest was a large loan exhibit of War Posters and the collection has been increased by the addition of many valuable articles.

Miss Sarah E. Ridlon was elected curator with power to choose her assistants.

The financial statement will be found in the report of the Town Treasurer, George P. Plaisted.

Respectfully submitted,

MRS PHILIP P. LEWIS,

Secretary of Baxter House Committee.

Gorham, February 8th, 1922.
